PROXY STATEMENT FOR 1999
ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

The enclosed Proxy is solicited on behalf of InfoSpace.com, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 24, 1999 at 10:00 a.m., local time, and at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Hyatt Regency Bellevue located at 900 Bellevue Way NE, Bellevue WA 98004. The Company's telephone number at its principal business offices is (425) 882-1602.

These proxy solicitation materials were mailed on or about April 26, 1999 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Principal Share Ownership

Only stockholders of record at the close of business on April 5, 1999 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. The Company has one class of Common Stock, \$0.0001 par value. As of the Record Date, _____ shares of the Company's Common Stock were issued and outstanding and held of record by _____ stockholders. See "Security Ownership of Certain Beneficial Owners and Management" below for information regarding beneficial owners of more than five percent of the Company's Common Stock.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time prior to its use by delivering to the Secretary of the Company a written instrument revoking the proxy or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Each holder of Common Stock is entitled to one vote for each share held.

This solicitation of proxies is made by the Company, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with

respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, the Company intends to treat broker non-votes in this manner. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

All shares entitled to vote and represented by properly executed, unrevoked proxies received prior to the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Deadline for Receipt of Stockholder Proposals

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the proxy rules promulgated by the Securities and Exchange Commission (the "SEC"). Proposals of stockholders of the Company intended to be presented for consideration at the Company's 2000 Annual Meeting of Stockholders must be received by the Company no later than December 27, 1999 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of stockholders. In general, nominations for the election of directors may be made by: (i) the Board of Directors or (ii) any stockholder entitled to vote who has delivered written notice to the Secretary of the Company not fewer than 60 days nor more than 90 days in advance of the annual meeting (or, with respect to an election of directors to be held at a special meeting, the close of business on the seventh day following the date on which notice of such meeting is first given to stockholders), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations. In the event that less than 60 days notice or prior public disclosure of the date of the annual meeting is given or made to stockholders, notice by the stockholders must be received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. The Company's Bylaws also provide that the only business that shall be conducted at an annual meeting is business that is brought before such meeting: (i) by or at the direction of the Board of Directors, or (ii) by any stockholder entitled to vote who has delivered written notice to the Secretary of the Company not less than 60 days nor more than 90 days in advance of the annual meeting, which notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters. In the event that less than 60 days notice or prior public disclosure of the date of the annual meeting is given or made to stockholders, notice by the stockholder must be received not later than the close of business on the tenth day following the earlier of the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. If a stockholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear or send a qualified representative to present his or her proposal at such meeting, the Company need not present the proposal for a vote at such meeting. A copy of the

full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to InfoSpace.com, Inc., 15375 N.E. 90th Street, Redmond, WA 98052, Attention: Secretary.

PROPOSAL TWO

APPROVAL OF AMENDMENT TO
THE RESTATED 1996 FLEXIBLE STOCK INCENTIVE PLAN
TO INCREASE THE NUMBER OF SHARES RESERVED
FOR ISSUANCE THEREUNDER BY 2,000,000 SHARES

Proposed Amendment

The Stock Incentive Plan was originally adopted by the Board of Directors in 1996 and approved by the stockholders in 1996. In February 1999, the Board approved an amendment to the Stock Incentive Plan to increase the number of shares reserved for issuance by 2,000,000 shares, from 3,000,000 shares to 5,000,000 shares.

Reasons for the Amendment

The Company relies upon the Stock Incentive Plan as one of the benefits necessary to attract and retain skilled employees. The Board of Directors believes it is in the Company's best interests to increase the shares reserved for issuance under the Stock Incentive Plan so that the Company may continue to attract and retain the services of qualified employees by providing employees an opportunity to purchase the Company's Common Stock through option grants.

Activity Under the Stock Incentive Plan

The Company believes that its Stock Incentive Plan is an important factor in attracting and retaining skilled personnel. From time to time, the Company reviews the number of shares available for issuance under the Stock Incentive Plan and, based on the Company's estimates of the number of shares expected to be issued under the Stock Incentive Plan, management presents to the Board of Directors a recommendation for the addition of shares reserved for issuance. The Board reviews such recommendation and, if approved by the Board, presents a proposal for the stockholders' approval.

As of December 31, 1998, 275,915 shares of Common Stock had been issued upon exercise of stock options, options to purchase an aggregate of 2,649,740 shares were outstanding at a weighted average exercise price of \$7.45 per share, and 384,950 shares remained available for future issuance under the Stock Incentive Plan.

Vote Required for Approval of Amendment

The affirmative vote of a majority of the Votes Cast will be required to approve the amendment to the Stock Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT OF THE STOCK INCENTIVE PLAN.

Summary of the Stock Incentive Plan

The essential features of the Stock Incentive Plan are outlined below.

Purpose. The purpose of the Stock Incentive Plan is to provide a means whereby eligible employees, officers, directors, consultants and independent contractors of the Company can acquire the Company's Common Stock.

Administration. The Stock Incentive Plan may be administered by the Board or a committee of the Board (the "Plan Administrator"). Subject to the other provisions of the Stock Incentive Plan, the Plan Administrator

has the power to determine the terms and conditions of any options and stock purchase rights granted, including but not limited to the exercise price, the number of shares subject to the option or stock purchase right and the exercisability thereof.

Eligibility, Terms of Options and Limitations. The Stock Incentive Plan provides that nonstatutory stock options and stock purchase and bonus rights may be granted only to employees, officers, directors, independent contractors and consultants of the Company. Incentive stock options may be granted only to employees. The Stock Incentive Plan also provides that stock or stock appreciation rights ("SARs") may be granted. With respect to any optionee who owns stock possessing more than 10% of the voting power of all classes of stock of the Company (a "10% Stockholder"), the exercise price of any incentive stock option granted must equal at least 110% of the fair market value on the grant date and the maximum term of the option must not exceed five years. The term of all other incentive stock options under the Stock Incentive Plan may not exceed ten years. The Plan Administrator selects the optionees and determines the number of shares to be subject to each option. In making such determination, the duties and responsibilities of the employee, director or consultant, the value of his or her services, his or her present and potential contribution to the success of the Company, the anticipated number of years of future service and other relevant factors are taken into account.

Conditions of Options. Each option granted under the Stock Incentive Plan is evidenced by a written stock option agreement between the optionee and the Company and is subject to the following conditions:

(a) **Exercise Price.** The Plan Administrator determines the exercise price of options to purchase shares of Common Stock. However, the exercise price of an incentive stock option must not be less than 100% (110%, if issued to a 10% Stockholder) of the fair market value of the Common Stock on the date the option is granted. The exercise price of a nonstatutory stock option shall be determined by the Plan Administrator. For so long as the Company's Common Stock is traded on the Nasdaq National Market, the fair market value of a share of Common Stock shall be the closing sale price for such stock as quoted on the Nasdaq National Market for the day of determination.

(b) **Value Limitation.** The aggregate fair market value of all shares of Common Stock subject to an optionee's incentive stock option which are exercisable for the first time during any calendar year shall not exceed \$100,000. In the event the optionee holds two or more such options that become exercisable for the first time in the same calendar year, such limitation shall be applied on the basis of the order in which such options are granted.

(c) **Form of Consideration.** The consideration to be paid for the shares of Common Stock issued upon exercise of an option shall be cash, certified check, bank draft, or postal or express money order payable to the Company. However, the Plan Administrator, in its sole discretion, may permit an optionee to pay the option price in whole or in part by tendering other shares of the Company's Common Stock meeting certain criteria, a promissory note, or any combination thereof. The Plan Administrator, in its sole discretion, may authorize the surrender by an optionee of all or part of an unexercised option and authorize a payment in consideration thereof of an amount equal to the difference between the aggregate fair market value of the stock subject to the option and the aggregate option price of such stock.

(d) **Exercise of the Option.** Each stock option agreement will specify the term of the option and the date when the option is to become exercisable. The terms of such vesting are determined by the Plan Administrator. Options granted under the Stock Incentive Plan generally have a ten-year term (five years, if issued to a 10% Stockholder) and to date generally become exercisable over four years at a rate of one-fourth of the shares subject to the options at the end of twelve months from the date of grant and one-forty-eighth of the shares every month thereafter, subject to the optionee's continuation as a service provider. An option is exercised by giving written notice of exercise to the Company and by tendering full payment of the purchase price to the Company.

(e) **Termination of Employment.** The Plan Administrator shall establish and set forth in each instrument that evidence an option whether the option will continue to be exercisable, and the terms and conditions of such

exercise, if an optionee ceases to be employed by, or to provide services to, the Company or an affiliate of the Company, which provisions may be waived or modified by the Plan Administrator at any time.

(f) Assignability. Each option granted pursuant to this Stock Incentive Plan shall, during optionee's lifetime, be exercisable only by him or her, and the option shall not be transferable by the optionee by operation of law or otherwise other than by will or the laws of descent and distribution. Notwithstanding the foregoing, and to the extent permitted by Section 422 of the Internal Revenue Code of 1986, as amended, (the "Code"), the Plan Administrator, in its sole discretion, may permit such transfer, assignment and exercisability and may permit an optionee to designate a beneficiary who may exercise the option after the optionee's death; provided, however, that any option so transferred or assigned shall be subject to all the same terms and conditions contained in the instrument evidencing the option. Stock subject to a Restricted Stock Purchase Agreement or a Restricted Stock Bonus Agreement shall be transferable only as provided in such Agreement.

(g) Termination of Options. Excluding incentive stock options issued to 10% Stockholders, options granted under the Stock Incentive Plan expire on the date set forth in the option agreement (not to exceed ten years from the date of grant in the case of incentive stock options). Incentive stock options granted to 10% Stockholders expire five years from the date of grant (or such shorter period set forth in the option agreement). No option may be exercised by any person after the expiration of its term.

(h) Terms and Conditions of Stock Purchase Rights. Each sale or grant of stock under the Stock Incentive Plan will be evidenced by a written restricted stock purchase agreement or restricted stock bonus agreement executed by the Company and the person to whom such stock is sold or granted. The restricted stock purchase agreement or restricted stock bonus agreement may contain such other terms, provisions and conditions consistent with the Stock Incentive Plan as may be determined by the Plan Administrator, including not by way of limitation, restrictions on transfer, forfeiture provisions, repurchase provisions and vesting provisions. To the extent required by applicable law, any right of the Company to repurchase stock granted pursuant to a restricted stock purchase or restricted stock bonus at the original purchase price, if the right is assignable, the assignee must pay the Company upon assignment of the right cash equal to the difference between the original price and fair value if the original purchase price is less than fair value. Furthermore, the purchase price of stock sold pursuant to a restricted stock purchase agreement shall be the price determined by the Plan Administrator on the date the right to purchase stock is granted; provided, however that (i) such price shall not be less than 85% of the price per share fair market value of such stock on the day the right to purchase stock is granted and (ii) to the extent required by applicable law, in the case of any 10% Stockholder such price shall be 100% of the per share fair market value of such stock at the time the right to purchase stock is granted, or at the time the purchase is consummated.

Stock Appreciation Rights. The Plan Administrator may, under such terms and conditions as it deems appropriate, authorize the issuance of SARs evidenced by a written SAR agreement (which, in the case of tandem options, may be part of the option agreement to which the SAR relates) executed by the Company and the person to whom such SAR is granted. The SAR agreement may contain such terms, provisions and conditions consistent with the Stock Incentive Plan as may be determined by the Plan Administrator.

Adjustment Upon Changes in Capitalization. If there is any change in the stock subject to the Stock Incentive Plan, an option agreement, a restricted stock purchase agreement, a restricted stock bonus agreement or an SAR agreement through merger, consolidation, reorganization, reincorporation, stock split, stock dividend, or other change in the capital structure of the Company, appropriate adjustments shall be made by the Plan Administrator in order to preserve, but not to increase the benefits to the individual, including adjustments to the aggregate number, kind and price per share of shares subject to the Stock Incentive Plan, an option agreement, a restricted stock purchase agreement, a restricted stock bonus agreement or an SAR agreement.

Dissolution or Liquidation. In the event of any "Corporate Transaction" (as defined in the Plan), any option or outstanding Stock Appreciation Rights shall terminate and any restricted stock shall be reconveyed to or repurchased by the Company immediately prior to the specified effective date of the Corporate Transaction;

provided, however, that to the extent permitted by applicable law, any unvested option, SARs or any restricted stock shall vest and become exercisable as to 25% of the unvested shares or become nonforfeitable as to 25% of the forfeitable shares, as the case may be, immediately prior to the specified effective date of the Corporate Transaction. Notwithstanding the foregoing, options, SARs or restricted stock shall not terminate if, in connection with the Corporate Transaction, they are to be assumed or substituted for by the successor corporation or its parent company, pursuant to options, SARs or restricted stock agreements providing substantially equal value and having substantially equivalent provisions as the options, SARs or restricted stock granted pursuant to the Stock Incentive Plan. If options, SARs or restricted stock purchase rights are not assumed or substituted for by the successor corporation or its parent company, such options, SARs or restricted stock purchase rights shall become exercisable as to an additional 25% of the unvested shares or forfeitable shares, as the case may be, immediately prior to the effective date of the Corporate Transaction.

For the purpose of the Stock Incentive Plan, a "Corporate Transaction" shall include any of the following stockholder-approved transactions to which the Company is a party:

(i) a merger or consolidation in which the Company is not the surviving entity, except for (1) a transaction the principal purpose of which is to change the state of the Company's incorporation, or (2) a transaction in which the Company's stockholders immediately prior to such merger or consolidation hold (by virtue of securities received in exchange for their shares in the Company) securities of the surviving entity representing more than fifty percent (50%) of the total voting power of such entity immediately after such transaction;

(ii) the sale, transfer or other disposition of all or substantially all of the assets of the Company unless the Company's stockholders immediately prior to such sale, transfer or other disposition hold (by virtue of securities received in exchange for their shares in the Company) securities of the purchaser or other transferee representing more than fifty percent (50%) of the total voting power of such entity immediately after such transaction; or

(iii) any reverse merger in which the Company is the surviving entity but in which the Company's stockholders immediately prior to such merger do not hold (by virtue of their shares in the Company held immediately prior to such transaction) securities of the Company representing more than fifty percent (50%) of the total voting power of the Company immediately after such transaction.

Amendment and Termination of the Stock Incentive Plan. The Board of Directors may at any time amend, suspend or terminate this Stock Incentive Plan as it deems advisable; provided that such amendment, suspension or termination complies with all applicable requirements of state and federal law, including any applicable requirement that the Stock Incentive Plan or an amendment to the Stock Incentive Plan be approved by the Company's stockholders, and provided further that, except in the case of an adjustment to the capitalization of the Company as described above, the Board of Directors shall in no event amend the Stock Incentive Plan in the following respects without the consent of stockholders then sufficient to approve the Stock Incentive Plan in the first instance:

(i) To increase the maximum number of shares subject to incentive stock options issued under the Stock Incentive Plan; or

(ii) To change the designation or class of persons eligible to receive incentive stock options under the Stock Incentive Plan.

No option may be granted nor any stock issued under the Stock Incentive Plan during any suspension or after the termination of the Stock Incentive Plan, and no amendment, suspension or termination of the Stock Incentive Plan shall, without the affected individual's consent, alter or impair any rights or obligations under any option previously granted under the Stock Incentive Plan. The Stock Incentive Plan shall terminate with respect to the grant of incentive stock options on April 10, 2006, unless previously terminated by the Board.

Federal Tax Information

Options granted under the Stock Incentive Plan may be either incentive stock options, as defined in Section 422 of the Code, or nonstatutory options.

An optionee who is granted an incentive stock option will not recognize taxable income either at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon the sale or exchange of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss will be treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee will recognize ordinary income at the time of sale or exchange equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income will be characterized as long-term, or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director, or 10% Stockholder of the Company. The Company will be entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

All of the options which do not qualify as incentive stock options are referred to as nonstatutory options. An optionee will not recognize any taxable income at the time he is granted a nonstatutory option. However, upon its exercise, the optionee will recognize taxable income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by an optionee who is also an employee of the Company will be subject to tax withholding by the Company. The Company will be entitled to a tax deduction in the same amount as the ordinary income recognized by the optionee. Upon disposition of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Stock purchase rights will generally be taxed in the same manner as nonstatutory stock options. However, restricted stock is generally purchased upon the exercise of a stock purchase right. At the time of purchase, restricted stock is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code. As a result, the purchaser will not recognize ordinary income at the time of purchase. Instead, the purchaser will recognize ordinary income on the dates when such restricted stock ceases to be subject to a substantial risk of forfeiture. The restricted stock will generally cease to be subject to a substantial risk when it is no longer subject to the Company's right to repurchase such stock upon the purchaser's termination of employment with the Company or upon vesting. At such times, the purchaser will recognize ordinary income measured as the difference between the purchase price and the fair market value of such stock on the date the stock is no longer subject to a substantial risk of forfeiture.

The purchaser may accelerate to the date of purchase his or her recognition of ordinary income, if any, and the beginning of any capital gain holding period by timely filing an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the purchase price and the fair market value of the stock on the date of purchase, and the capital gain holding period commences on such date. The ordinary income recognized by a purchaser who is an employee will be subject to tax withholding by the Company. Different rules may apply if the purchaser is also an officer, director, or 10% Stockholder of the Company.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON OPTIONEES, HOLDERS OF STOCK PURCHASE RIGHTS, AND THE COMPANY WITH RESPECT TO THE SHARES PURCHASED UNDER THE STOCK INCENTIVE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND REFERENCE SHOULD BE MADE TO THE APPLICABLE PROVISIONS OF THE TAX CODE. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE TAX CONSEQUENCES OF THE EMPLOYEE'S OR CONSULTANT'S DEATH OR THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE EMPLOYEE OR CONSULTANT MAY RESIDE.

PROPOSAL THREE

APPROVAL OF AMENDMENT TO
THE STOCK INCENTIVE PLAN TO ANNUALLY INCREASE
THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER

Proposed Amendment

In February 1999, the Board approved an amendment to the Stock Incentive Plan to annually increase the number of shares reserved for issuance on the first day of the Company's fiscal year beginning in 2000 by an amount equal to the lesser of (i) 1,000,000 shares, (ii) three percent (3%) of the outstanding shares at the end of the preceding fiscal year, and (iii) a lesser amount determined by the Board.

Reasons for the Amendment

The Company relies upon the Stock Incentive Plan as one of the benefits necessary to attract and retain skilled employees. The Board of Directors believes it is in the Company's best interests to provide for an annual increase of the shares reserved for issuance under the Stock Incentive Plan so that the Company may continue to attract and retain the services of qualified employees by providing employees an opportunity to purchase the Company's Common Stock through option grants. See Proposal Two for a more detailed description of the Stock Incentive Plan.

Vote Required for Approval of Amendment

The affirmative vote of a majority of the Votes Cast will be required to approve the amendment to the Stock Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT OF THE STOCK INCENTIVE PLAN.

PROPOSAL FOUR

APPROVAL OF AMENDMENT TO THE STOCK INCENTIVE PLAN TO LIMIT THE NUMBER OF SHARES THAT MAY BE GRANTED TO ANY ONE INDIVIDUAL

Proposed Amendment

In February 1999, the Board approved an amendment to the Stock Incentive Plan to limit the number of shares of Common Stock that may be granted to any one individual pursuant to stock options in any fiscal year of the Company to 2,000,000 shares (plus an additional 2,000,000 shares in connection with his or her initial employment with the Company, which grant shall not count against the limit).

Reasons for the Amendment

The Company relies upon the Stock Incentive Plan as one of the benefits necessary to attract and retain skilled employees. The Board of Directors believes it is in the Company's best interests to amend the Stock Incentive Plan to comply with Section 162(m) of the Code.

With the amendment, the Stock Incentive Plan would place specific limitations on the discretion allowed to the Plan Administrator in granting options to individuals. These limitations are intended to preserve the Company's ability to deduct for federal income tax purposes compensation relating to stock options recognized to certain executive officers under the Stock Incentive Plan. Without these provisions in the Stock Incentive Plan, the Company's ability to deduct such compensation expense may be limited under Section 162(m) of the Code. The limitations provide that no individual shall be granted in any fiscal year stock options to purchase more than 2,000,000 shares of Common Stock, except that an individual may be granted stock options to purchase up to an additional 2,000,000 shares of Common Stock in connection with his or her initial employment, which grant will not count against the foregoing limitation. See Proposal Two for a more detailed description of the Stock Incentive Plan and a summary of the more general rules governing the availability to the Company of tax deductions in connection with stock options granted under the Stock Incentive Plan.

Vote Required for Approval of Amendment

The affirmative vote of a majority of the Votes Cast will be required to approve the amendment to the Stock Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT OF THE STOCK INCENTIVE PLAN.

PROPOSAL FIVE

APPROVAL OF AMENDMENT TO CERTIFICATE OF INCORPORATION

Proposed Amendment

The Company's Restated Certificate of Incorporation (the "Certificate"), as currently in effect, provides that the Company is authorized to issue 15,000,000 shares of Preferred Stock, par value \$0.0001 per share, and 50,000,000 shares of Common Stock, par value \$0.0001 per share. In February and April 1999, the Board of Directors authorized an amendment to the Certificate to increase the authorized number of shares of Common Stock to 200,000,000 shares, in part, to facilitate the two-for-one forward stock split of the Common Stock.

The Board of Directors has adopted resolutions setting forth the proposed amendment to the first sentence of Article Four of the Certificate (the "Amendment"), the advisability of the Amendment and a call for submission of the Amendment for approval by the Company's stockholders at the Annual Meeting. The following is the text of Article Four of the Certificate, as proposed to be amended:

"The total authorized stock of the corporation shall consist of 200,000,000 shares of Common Stock having a par value of \$0.0001 per share and 15,000,000 shares of Preferred Stock having a par value of \$0.0001 per share."

As of the December 31, 1998, 21,141,802 shares of Common Stock were issued and outstanding, 2,649,740 additional shares were issuable upon exercise of outstanding options, 3,531,719 additional shares were issuable upon exercise of outstanding warrants and approximately 834,950 shares were reserved for future grants under the Company's stock plans. In March 1999, the Company issued 1,900,000 shares in a public offering. In addition, the Board of Directors declared a two-for-one forward stock split of the Common Stock in the form of a stock dividend payable to all stockholders of record as of April 19, 1999.

Purpose and Effect of Amendment

The principal purposes of the Amendment among others, are to authorize additional shares of Common Stock that will be available in the event that the Board of Directors determines to authorize additional stock dividends or future stock splits, to raise additional capital through the sale of securities, to acquire another company or its business or assets or to establish a strategic relationship with a corporate partner. If the Amendment is adopted, 150,000,000 additional shares of Common Stock of the Company will be available for issuance by the Board of Directors without any further stockholder approval, although certain large issuances of shares may require stockholder approval in accordance with the requirements of the Nasdaq National Market. The Board of Directors believes that it is desirable that the Company have the flexibility to issue the additional shares without further stockholder approval. The holders of Common Stock have no preemptive rights to purchase any stock of the Company. The additional shares could be issued at such times and under such circumstances as to have a dilutive effect on earnings per share and on the equity ownership of the present holders of Common Stock.

The increase in the authorized number of shares of Common Stock is necessary, as a result of the stock split, to provide a sufficient number of shares for exercise of vested options and currently unexercisable warrants. In addition, the increase in the authorized number of shares of Common Stock is necessary to provide shares for the proposed increases in the number of shares reserved for issuance under the Stock Incentive Plan pursuant to Proposal Two and Proposal Three. Other than the foregoing, the Company has no current plans or proposals to issue any portion of the additional shares to be authorized under this proposal.

The flexibility of the Board of Directors to issue additional shares of stock could enhance the Board's ability to negotiate on behalf of the stockholders in a takeover situation. Although it is not the purpose of the Amendment, the authorized but unissued shares of Common Stock (as well as the authorized but unissued shares of Preferred Stock) also could be used by the Board of Directors to discourage, delay or make more difficult a change in the control of the Company. For example, such shares could be privately placed with purchasers who might align themselves with the Board of Directors in opposing a hostile takeover bid. The issuance of additional shares could serve

to dilute the stock ownership of persons seeking to obtain control and thereby increase the cost of acquiring a given percentage of the outstanding stock. The Company has previously adopted certain

measures that may have the effect of delaying or preventing an unsolicited takeover attempt, including provisions of the Certificate authorizing the Board to issue up to 15,000,000 shares of Preferred Stock with terms, provisions and rights fixed by the Board and a classified Board of Directors in which the Board of Directors is divided into three classes. The Board of Directors is not aware of any pending or proposed effort to acquire control of the Company.

Vote Required

The approval of the Amendment requires the affirmative vote of a majority of the outstanding shares of Common Stock of the Company. An abstention or nonvote is not an affirmative vote and, therefore, will have the same effect as a vote against the proposal.

The Company's Board of Directors Recommends a Vote "FOR" Approval of the Amendment to the Company's Restated Certificate of Incorporation.

PROPOSAL SIX

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has selected Deloitte & Touche LLP, independent auditors, to audit the financial statements of the Company for the fiscal year ending December 31, 1999, and recommends that stockholders vote for ratification of such appointment. In the event of a negative vote on ratification, the Board of Directors will reconsider its selection.

Deloitte & Touche LLP has audited the Company's financial statements annually since 1997. Representatives of Deloitte & Touche LLP are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Required Vote; Ratification of Appointment of Independent Auditors

The affirmative vote of the holders of a majority of the Votes Cast is required to approve the appointment of the independent auditors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

Benefit Plans

The following is a brief summary of plans in effect during the fiscal year ended December 31, 1998 under which executive officers and directors of the Company received benefits:

Restated 1996 Flexible Stock Incentive Plan

The purpose of the Stock Incentive Plan is to provide an opportunity for employees, officers, directors, independent contractors and consultants of the Company to acquire the Company's Common Stock. The Stock Incentive Plan provides for grants of stock options, stock appreciation rights, or SARs, and stock awards. The Company has authorized an aggregate of 3,000,000 shares of Common Stock for issuance under the Stock Incentive Plan. As of December 31, 1998, options to purchase 2,610,071 shares of Common Stock were outstanding under the Stock Incentive Plan at a weighted average exercise price of \$7.56 per share, and options to purchase 384,950 shares were available for future grant.

Stock Option Program for Nonemployee Directors

Under the Stock Incentive Plan, the Company grants a nonqualified stock option to purchase 10,000 shares of Common Stock to each nonemployee director on the date the director is first appointed or elected to the Board of Directors. Nonemployee directors serving at the time of the adoption of the program each received an option to purchase 1,250 shares of Common Stock. On November 19, 1998, each nonemployee director received a supplemental option to purchase 10,000 shares of Common Stock. Commencing with the Company's 1999 Annual Meeting of Stockholders, the Company will grant to each nonemployee director an additional

nonqualified stock option to purchase 2,500 shares of Common Stock immediately following such Annual Meeting of Stockholders, except for those nonemployee directors who were elected to the Board of Directors at such Annual Meeting of Stockholders or within the three-month period prior to such annual Meeting of Stockholders. All options granted under the program for nonemployee directors fully vest on the first anniversary of the date of such grant.

1998 Employee Stock Purchase Plan

The Company adopted the 1998 Employee Stock Purchase Plan (the "Purchase Plan") in August 1998. The Purchase Plan is intended to qualify under Section 423 of the Code and permits eligible employees to purchase the Company's Common Stock through payroll deductions of up to 15% of their compensation. Under the Purchase Plan, no employee may purchase stock worth more than \$25,000 in any calendar year, valued as of the first day of each offering period. The Company has authorized an aggregate of 450,000 shares of Common Stock for issuance under the Purchase Plan.

The Purchase Plan is implemented with six-month offering periods. Offering periods begin on each February 1 and August 1. The first offering period began on December 15, 1998, the date of the Company's initial public offering, and ends on July 31, 1999. Participants purchase Common Stock under the Purchase Plan at a price equal to the lesser of 85% of their fair market value on the first day of an offering period and 85% of the fair market value on the last day of an offering period. No shares of Common Stock have been issued under the Purchase Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 and Form 5 with the SEC. Executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely in its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during fiscal 1998, it has complied with all filing requirements applicable to its executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities with the exceptions of Rufus W. Lumry, III, a director of the Company and President of Acorn Ventures, Inc., and Carl Stork, a director of the Company, whose Forms 4 were not filed in a timely manner. Mr. Lumry purchased 15,850 shares of the Company's Common Stock on December 15, 1998 and his Form 4 was not filed with the SEC until February 15, 1999. Mr. Stork purchased 40,000 shares of the Company's Common Stock on December 15, 1998 and his Form 4 was not filed with the SEC until January 20, 1999.

Compensation Committee Report on Executive Compensation

The following is the Report of the Compensation Committee of the Company describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 1998. The information contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the SEC and such information shall not be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act except to the extent that the Company specifically incorporates it by reference into such filing.

During the fiscal year ended December 31, 1998, the Compensation Committee of the Board of Directors was comprised of two non-employee directors. The Compensation Committee of the Board of Directors establishes the general compensation policies of the Company as well as the compensation plans and specific compensation levels for executive officers. The Compensation Committee seeks to provide the executive officers

of the Company with competitive compensation that enables the Company to attract and retain employees who contribute to the success of the Company and maximize stockholder value. Specifically for executive officers, compensation is determined according to the criteria described below.

Compensation

The Compensation Committee establishes the salaries of the executive officers by considering (i) the salaries of executive officers in similar positions at comparably-sized peer companies, (ii) the Company's financial performance over the past year based upon revenues and operating results and (iii) the achievement of individual performance goals related to each executive officer's duties and area of responsibility.

Equity-Based Compensation

The Compensation Committee views stock options as an important part of its long-term, performance-based compensation program. The Compensation Committee bases grants of stock options to the executive officers of the Company under the Stock Incentive Plan upon the Committee's estimation of each executive's contribution to the long-term growth and profitability of the Company. The Stock Incentive Plan is intended to provide additional incentives to the executive officers to maximize stockholder value. Options are generally granted under the Stock Incentive Plan at the then-current market price and are generally subject to four-year vesting periods to encourage key employees to remain with the Company.

Compensation of the Chief Executive Officer

From the Company's inception until July 1998, Naveen Jain, the Company's Chief Executive Officer, received no compensation for his services. Subsequent to July 1998, Mr. Jain began receiving an annual salary of \$125,000. Mr. Jain's annual salary was approved by the Board of Directors by considering several factors including the attainment of corporate revenue and operating results goals for the fiscal year, the Company's progress in new product development and the contribution of the Chief Executive Officer to the Company's strategic focus, market position and brand development. No set formula is used for this determination, and no particular function is weighted greater or lesser than the other.

Summary

The Compensation Committee believes that the Company's compensation policies have been successful in attracting and retaining qualified employees and in linking compensation directly to corporate performance relative to the Company's goals. The Company's compensation policies will evolve over time as the Company moves to attain the near-term goals it has set for itself while maintaining its focus on building long-term stockholder value.
